Citizens of Silverton and San Juan County,

As the Mayor of Silverton and the Commission Chairman of San Juan County, the safety, health and well-being of our community is always our primary concern and our number one priority.

With this in mind, we want to assure you that the Town of Silverton and San Juan County are taking the Coronavirus COVID 19 very seriously and we continue to take proactive steps to ensure the welfare of our community.

Currently, there are NO confirmed cases of COVID19 within either the Town or County. We are staying in constant communication with local, regional, state and federal agencies regarding the situation. We will continue to take guidance from the San Juan County Public Health Department, San Juan Basin Public Health, the Colorado Department of Public Health and Environment and Centers for Disease Control and Prevention.

We have set up an incident command team and they are meeting regularly. We would like to recognize and thank them for their efforts. The team includes the Office of Emergency Management Jim Donovan, Public Health Director Becky Joyce, Sheriff Bruce Conrad, Public Information Officer DeAnne Gallegos and members of Emergency Medical Services. Additionally, representatives from the Town of Silverton, San Juan County, the Silverton School District, the Silverton Family Learning Center continue to meet with the incident command team as necessary.

This situation is evolving rapidly and changes day to day. We do not know what the duration of this emergency will be. We ask everyone to follow the guidance set by federal, state and local authorities. We will do everything we can to minimize the adverse impact to our community.

Stay calm, do not panic. We are all in this together and we will emerge on the other side a strong and united community.
