SAN JUAN COUNTY PUBLIC HEALTH

SILVERTON

preventive health at its peak

PUBLIC HEALTH ADVISORY 2020-01

The Public Health Director for San Juan County Public Health reaffirms that there is a Local State of Emergency and a Local Public Health Disaster in San Juan County caused by the COVID-19 Pandemic. Immediate measures are necessary to mitigate the imminent threat of widespread or severe damage, injury or loss of life or property resulting from the COVID-19 pandemic. This Advisory is in effect as of May 1, 2020.

San Juan County Public Health advises that:

- Seasonal residents arriving from other communities self-quarantine for 14 days upon arrival to San Juan County, CO. Quarantine separates and restricts the movement of people who were exposed to a contagious disease to see if they become sick. When in quarantine please stay in place of residence for 14 days. This includes all persons within the place of residence.
- All persons take extra precautions such as frequent hand washing and social distancing to avoid the spread of COVID-19 in the San Juan County community.
- All persons should strictly follow the current State of Colorado Public Health Order 20-28.
- The Public Health Advisory is in effect for the duration of the State of Colorado Public Health Order 20-28 May 26, 2020.

Returning seasonal residents can voluntarily register for assistance with their Quarantine (e.g., grocery, medicine drop off, welfare check): LINK HERE: San Juan County Quarantine Registry.

- The Governor's Executive Order D 2020 044 Safer at Home
- The State of Colorado Public Health Order. 20-28 Safer at Home
